## CLEVER CLEANING

One of the worst things about going 4WDing is the inevitable job of cleaning your truck when you get home. Choosing the right cleaning product can be hard, especially with the amount of products available these days. If you're looking for a washing product that works, take a look at Chemtech's CT18 Superwash.

It effectively removes dirt, mud, bugs, grease and grime from any 4WD, leaving a clean finish on all surfaces. The great thing about CT18 is it's pH neutral and no harsh alkalis, so it's safe on any surface and good for the environment!

Chemtech's CT18 Superwash has an RRP of \$11 for a 1L bottle, and is available from all leading automotive outlets.

**For more information visit [www.chemtech.net.au](http://www.chemtech.net.au).**

### ABR SIDEWINDER LED LIGHT

With an ever-growing range of products, ABR Sidewinder has just released a new LED work light onto the market. It features a die-cast aluminium case, 18W of LED power, and is available in black with a flood lens. Even with the fantastic light output, the lamp only draws a measly 0.9A!

The ABR-Sidewinder LED work light has an RRP of \$70.

For more information visit [www.sidewinder.com.au](http://www.sidewinder.com.au) or call (07) 3890 5899.

### SIXTH CAMPS AUSTRALIA WIDE

You may have heard about the Camps Australia Wide books, well the sixth edition has just been released onto the shelves. Updated every two years, the new edition has over 3750 listed rest areas, free campsites, national and state parks and forests, plus outback station stays and low-cost country and remote caravan parks across Australia.

For the first time, all listed sights have GPS coordinates noted, making it easier than ever to find your way there! Also new to the sixth edition is the availability of a larger B4 version, which means you don't have any excuse for getting lost!

Camps Australia Wide has an RRP of \$59.95 for the A4 and \$89.95 for the B4 size. For more information visit [www.campsaustraliawide.com](http://www.campsaustraliawide.com) or call (07) 5449 1476.

### TJM DRAG CHAIN

The humble drag chain is a piece of recovery equipment that's often overlooked when you are buying your gear. It isn't something that gets used every time you go out, but when it's time to use it, you will be glad you have it!

TJM has just released its new 8000kg 5m drag chain. It features an 8mm hook, a minimum 8000kg breaking strain, and comes in a heavy-duty canvas carry bag with six internal and external pockets.

The TJM drag chain has an RRP of \$99. For more information visit [www.tjm.com.au](http://www.tjm.com.au) or drop in and see your local TJM store.
